TEXAN VISITS THE CAMP OF REBELS

(Continued from page 1.)

of the time was spent in and near the Burro mountains, a former rebel rendezvous and stronghold, where Pascual Orozco was supposed to have taken refuge, and where he was reported many times as being confined to his bed by rheumatism after the battle of Ojinaga.

Mr. Dodd visited the camp site and said there are no bands of revolutionists there or in that section of Chihuahua at present.

MEXICAN LOAN CUT DOWN BY CONGRESS.

Mexico City, Mex., Feb. 8.—The government has cut its first fight for authority to float a 100,000,000 peso loan in the senate last night when it committed report calling for only 40,000,000 was adopted by a vote of 22 to 21. Since, however, the report of the committee was adopted, "in general," the government still has a chance to pass its bill by the adoption of its provisions article by article.

JUAREZ HEARS THAT THE CENTRAL HAS BEEN REOPENED.

Traffic on the Mexican Central has been resumed, according to advices received in Juarez Saturday. A troop train from Juarez went south Saturday. It was also reported that the Mexican Central passenger train from the south would arrive tonight, the first in several days.

By Natural Reasoning.

A keen student of human nature must have written the following: "When you see a young man sailing down a street shortly after midnight with his collar crumpled, you can make up your mind that there's a young girl crawling upstairs not far distant, with her shoes under her arm and an extinguished lamp in her hand."

Windfall in Old Hat.

There is something more than a joke in inheriting an old hat from an uncle. For the recent Mardi-Gras fete, in Paris, a motor bus driver, wishing to "dress up," borrowed from a restaurant keeper an old battered "top" hat, inherited from a deceased uncle. During the festivities, the wearer, in attempting to adjust his wig, knocked off the hat, and to his astonishment, it fell nine 100 franc notes (\$180). He hastened to put this unexpected bequest into the cafe keeper's hands.

HERE IS THE WAY TO LENGTHEN LIFE

Manager Edwards, of the
Federal Life Insurance
Co., Discusses Plant
Juice

Here is the statement of a prominent San Antonio life insurance man who believes Plant Juice to be one of the greatest agencies ever devised for the prolongation of life:
"Mr. R. E. Edwards, of the Federal Life Insurance Co., of San Antonio, with offices 420 Central Building, says: 'I believe Plant Juice will do more toward lengthening the lives of our people than any article put up. I judge this from what I know of it personally. I feel that it has added years to me. I have had indigestion and other stomach troubles for a year and now I am strong as an ox. Plant Juice has done this and I am sure that it will help people who suffer in other ways as effectively.'"
Plant Juice attacks and destroys all poisons in the blood, corrects diseased conditions of the liver, stomach and kidneys, and restores them to normal action. Those who are run down and worn out get a new lease on life. They sell it at Kelly & Pollard's drug store.—Advertisement.

Dear Reader:

The style showings made in the early part of the week called forth many comments from women of taste and acknowledged style; all of which were to the effect that the "Popular's" display of the new styles is superior in every department, to any similar display that has been made in this city, or in any other season. Such expressions, coming unsolicited from people

who are in a position to know, constitutes the strongest guarantee that you will find here the most attractive models in new hats, new dresses, new suits, new silks, new spring dress goods, new shoes---in fact, all the new Spring products are here, at their very best advantage and in their largest assortments. Please consider this a personal invitation to see all the new things.

Very sincerely yours,
THE POPULAR DRY GOODS CO., INC.

Distinctive Spring Suits

A wonderful collection of new spring suits for women is on display now at the "Popular"--the latest and most authentic fashions that have been produced. Among the most popular models are suits of ratine, two-toned Bedford cord, serges, whipcords and novelty weaves, in checks, stripes and mixtures. Every color that is in vogue is represented in the assortment. An accurate description of the various distinctive and pleasing styles is impossible--you must see them to appreciate their beauty. The plain white and cream suits, which are always in favor, are attracting much attention. All these are here at prices from \$15.00 to \$50.00.

The Newest in Spring Dresses

THE newest dresses are the coat styles, the modified drapery, the long waisted peasant models, the Russian blouses and the bolero jackets, together with a wide variety of simpler designs which depend largely for their striking effects on the sashes, belts, collars, cuffs, or vests.

We call your special attention to dresses of wool batiste, whipcord, serge and cloth d'epoque, in the new season's colors. Priced at \$15.00 to \$39.50.

Another lot of new dresses in washable fabrics--ratine, Bedford cord, eponge, linen, etc., in white and colors. Priced at \$10.50 to \$35.00.

Still another lot of exclusive styles--only one of a kind--dresses of voile, net, crepe, lingerie cloth, etc. They are exquisitely hand embroidered and range in price from \$27.50 to \$59.50.

Then comes the lingerie dresses in styles too numerous to mention and too pretty to try to describe. Made of lingerie cloth and voile, many embroidered--others trimmed with the new embroideries, laces and velvet ribbons. Priced at \$4.95 to \$27.50.

Coats Were Never Prettier

Eponges, serges, fancy mixed cloths, black and white stripes, charmeuse, are the materials.
Coats of a double-faced, light weight wool material, woven in stripes, are new, and claiming favorable attention. Woven so that the outer surface is white, tan or mode, the reverse side--a contrasting color, smooth in finish.
A few of the serge coats are unlined. The coats of eponge and striped materials are full lined with satin and have fancy collars. Straight-line styles hold popular favor. Prices \$12.50 to \$39.50.

Newly Arrived Millinery

The "Popular" Millinery Models that have just arrived are some of the most beautiful that we have ever had to show you at any time. Not only is the variety larger than ever before, but each charming little hat is distinct and different from each other. The style tendency this season is toward small hats. In fact, small hats will be the rage, from present indications. These are to set jaunty on the head and will be trimmed with bright colors and in almost every case a brilliant dash of scarlet will appear somewhere in the color scheme. The hats are light in weight and very reasonable in price. We offer the largest and the most beautiful styles to be had now in El Paso. Come see them. As in past season we feature the "Popular" special at \$5.00.

New Waists Are Charming

Waists of white cotton voile, trimmed with linen laces, have net yokes. Some trimmed with sheer embroideries have inserts of imitation Irish crochet, \$1.45. A new feature in the finer waists is a deep, vest-like yoke, generally of tuckered net with heavy lace. Long sleeves are almost the invariable rule for early wear. Collars are high or low. Prices vary on the new waists from 95c to \$27.50. New striped silk shirts are \$2.95, and worth it.
